**Village of Peninsula Wastewater Collection and Treatment System  
REQUEST FOR STATEMENT OF QUALIFICATIONS (RFQ)  
FOR PROFESSIONAL CONSULTING SERVICES**

**Date: May 10, 2016**

The Village of Peninsula Ohio is seeking a qualified firm to provide professional consulting services for the planning, design and construction of a new wastewater collection and treatment system improvements project. Firms responding will have the opportunity, if selected, to develop a Preliminary Engineering Report for the project with the potential for future engineering design and construction commissions. If the Village decides to proceed, we will negotiate the final scope and fee structure with the consultant deemed best qualified by the Village in accordance with the evaluation factors, to perform the services outlined in this RFQ.
